Life Philosophy

"Today is the best day of my life, tomorrow will be even better! May my life, work and play spread joy and love, and be a reminder to all of the beauty inside."

About Me

Founded and managed 18 small and medium businesses and charities. I have managed 240 employees from the security industry to education placement. I am passionate about leveraging the newest technologies for small business- from marketing, sales, CRM, to employee training. I am excited about bringing the best out of those I lead.
